

ASLC Serve Team Report

May 15, 2013

1. At Ministry Night, Liz Muller, (Team Lead) met with Wayne Bossler and Gary Beecher to discuss plans for organizing a Hurricane Sandy rebuild team. Dave Baine and Chuck Arnold were out of town. Bart Fuller, who worked with ASLC in Biloxi and Craig Snow, leader of Hope Force in NJ were both contacted. They are both now working with Atlantic City Long Term Recovery Group and ASLC will be working through this organization.

Gary Beecher has volunteered to be the lead coordinator of the team from ASLC. The tentative date for the mission trip is August 11-17th. Invitations will be extended to Grace Lutheran Church and to ASLC youth. All skill levels will be welcome! For \$30/day/person, food and housing will be provided in Atlantic City. If you would like more details contact Liz Muller or Gary Beecher.

2. On April 30 ASLC hosted PG County Warm Nights Wrap Up. Forty persons attended. The focus of the meeting was a discussion of the successes and the challenges Warm Nights faced last year, and a reflection on what can be done to improve the program next year.
3. Liz was quite concerned that Ministry Night was so poorly attended. Can the value of Ministry Nights be readdressed before fall?

Susan Beers,
Serve Liaison
