

Support Liaison 18 September – 15 October 2014 Report # 9

The Support Ministry is made up of four areas: (1) **Budget and Finance** lead by Fred Wentland, (2) **Property Management** lead by Larry Floor, (3) **Stewardship** lead by Rob Watson, and (4) **Website Management** lead by Fred Wentland.

The Pastor and President asked the liaison leaders to provide "one defined, measurable initiative" that is something "new". At the end of the year, an evaluation will be made to see what worked and what didn't and options to change for success or maybe the initiative wasn't meant to be. The initiatives were discussed at the 19 Feb Council meeting. Based on previous Support Liaison reports and inputs from various members, the following is the list of initiatives that we plan to address this year:

The following are activities that have occurred during this reporting period and those planned.

1. **Property Management**

a. **Activities During the Period:**

Maintenance. Larry and crew have continued maintaining the grounds and making repairs where necessary.

- 1) **Lawn-Care.** As reported previously, the members of the Property Management Team continue to do an outstanding job in keeping the property properly maintained. As part of that group, Ale Saints (and friends) has provided the lawn care. This group includes: Wesley Boyette, John Summerlot, Jim Meyer, Dan Bendt, Matt Bitter, Mike Schumacher, Wayne Bossler, and Jim Sichelman. John Summelot is scheduling the lawn care. Walter Knausenberger has volunteered to evaluate the grounds and come up with recommendations to enhance the appearance. Dustin Kehoe did a great job in cutting down brush on the area between U.S. 301 and the church property near the All Saints electronic sign. Don't the grounds look great!!!

- 2) **Day Care.** As previously reported, Susan, Larry, Gary, and the Pastor have been working on making Day Care a reality. They have been working on this for some time. We had a consultant, Annapolis Fire and Life Safety Engineering, make an inspection of the facilities at All Saints. They came up with 27 recommendations that in their estimation would enable All Saints to pass the fire and day care inspections. Susan, Larry, Gary, Pastor Gary, and Fred met on 14 Oct to review these recommendations, to evaluate the progress, and determine additional plans to satisfy the recommendations. It appears that approximately \$7,000 or less will be required to take care of recommendations from adding sprinklers and smoke detectors to changing doors and various latch assemblies. It is estimated the work will be completed and inspections made, and facility ready for use by the Day Care Manager. The Day Care Manager estimated that actual operation of the Day Care would be in the June/July 2014 timeframe. An inspection was made by County and only minor corrections were necessary. All major building modifications and corrections have been made and the re-inspection was successful. It was reported by Susan that a permit from the County will be necessary before a license is issued. It would appear that this will delay the planned operation of the Day Care center. Fred Wentland contacted the Maryland Department of Education, Region 4 (Prince George's County) for information on obtaining a license/permit required for operation of a day care center. Fred attended an orientation at the South Bowie Library starting at 1:30pm, 18 July 2014. Fred also had discussions with Deandra Coleman, the planned Director of Daycare. She had attended a previous session orientation. Based on the orientation, she applied for a permit and was denied because the facility (All Saints) was not zoned for such use. Apparently, All Saints must obtain a use permit which may involve rezoning to do so. Fred will work with Susan and Melissa to determine the next steps.

As previously reported, Susan, Melissa, Deandra, the Pastor, and Fred had a meeting on 8 September to discuss: (1) Child Care Orientation, (2) PG Development Review Division Guidance, (3) Detailed Site Plan, and (4) next steps. Fred briefed the group on the orientation he attended ... it was for those who will operate a day care center. Deandra already attended an earlier orientation. Her application for a permit is being held in abeyance for lack of correct zoning. One of items that must be approved before a permit can be approved is a detailed site plan according to Amber Krivitsky (Planning Information Services, M-NCCPPC, Development Review Division in Upper Marlboro. All Saints is currently zoned for residential rural and will have to have an addition zoning code for day care. Fred obtained an estimate to obtain a detailed site plan from Soltesz on 8 Sep ... the cost estimate was approximately \$14,500. There were a number of items in the estimate that will have to be evaluated as to their necessity. It was suggested that we obtain other estimates including one from Phoenix Company who has done survey work for All Saints on the Columbarium. After discussing the situation, the following next steps were agreed: (1) Have a meeting with the County, Cheryl Summerlin, to further discuss our situation; (2) obtain other estimates for a detailed site plan; (3)

interview another local day care center such as Cornerstone Church in Bowie; and (4) take an inventory of existing site plan documents. Deandra indicated that she could not fund the acquisition of a detailed site plan. It appears that it will take about 4 to 6 months to complete the permit process.

During this period, Fred contacted Cheryl Summerlin to further discuss All Saints situation. She provided additional materials that state the activities All Saints will have to undertake. She also indicated that she is willing to set up an appointment with the evaluator to discuss our situation. Fred will review the materials and arrange an appointment with Cheryl.

(4) Multimedia Communications System (MCS).

Previously Reported: Sharron Sample has volunteered to lead a group in planning, evaluating, and making recommendations to upgrade All Saints sound and visual system with a multi-media capability to enhance our services and for community outreach. The group has prepared a request for interest (RFI) that went to 5 companies. Four have responded and the committee is in process of conducting walk-throughs of the church site and evaluating the responses to the proposal. The group will be looking for the right company to help develop the plan, identify the budget, and implement these upgrades in an integrated, possibly phased, manner. The Group has met with two so far and will meet with a third next week. The Committee has two more to schedule which includes an unsolicited advertisement received by Pastor via the mail. One proposal is in for review and presentation by the company. We project completion of initial walk throughs by mid-September and review of proposals during October. The MCS working group met three during the last reporting period and interviewed two prospective responders to the RFI. Using this information, Sharron plans to complete a paper outlining their findings and recommendations which will be provided to Council.

During this period, Two other potential contractors are planned to be evaluated by the MCS working group. Sharron prepared a draft power point presentation for the MCS working group consideration along with a power and presentation to the Council at their 15 October 2014 meeting. The presentation includes a recommendation for \$15,000 for the Worship Multi-Media (WMM) Upgrade in CY 2015.
