

Transition Team Progress Report 3 (21 Dec 17)

Greetings everyone,

Liz for the Transition Team

Transition Team Update

Thanks be to God and to all the Saints who completed the Congregational Assessment Tool (CAT) survey. Our final tally is 120 responses, 15 more than our goal. Dr. James Pence, our Walkalong consultant, will share the survey findings with the congregation on Sunday, January 14, following each worship service. Mark that date on your calendars. Based upon the survey results, the Transition Team will begin drafting the ministry site profile that will guide our search for Pastor Gary's successor. In the interim, do not hesitate to contact the Transition Team members with your questions or concerns about the Pastoral Succession process.
