

Worship and Music Ministry Team Report

June 18, 2015

A number of short and long term initiatives were established as a result of the last team meeting on May 16. Here is the status of a few of those tasks:

- Nancy-Pat sent out a targeted email asking for volunteers to help with the design and construction of the tri-fold display for our upcoming Ministry Fair on August 30, 2015. *A by end of June response was requested*
- Volunteers are still needed for worship roles and administration of these roles.
- Nancy-Pat is in the process of contacting PGCC for people who like to sing and may be interested in joining our choir. She is also exploring the use of the Bowie Patch s an aid in this endeavor.
- Other Worship initiatives such as visual enhancements for worship, interaction with Facebook and our website are still in the planning stage.
